Dear Sir/Madam,

**SCOTTISH TRUNK ROAD NETWORK MANAGEMENT CONTRACT – SOUTH EAST UNIT
A720 BONALY ROAD OVERBRIDGE WB – OVERNIGHT RESURFACING WORKS**

BEAR Scotland, acting on behalf of Transport Scotland, is planning to carry out resurfacing works on the A720 Westbound approximately 1 mile west of the Dreghorn Junction. *Please find enclosed a location plan for clarity.*

The works have been provisionally programmed to commence on Monday 30th January 2023 for a duration of three nights between the hours of 20.30 and 06.00.

During the works, to ensure the safety of the workforce and members of the travelling public it is necessary to close the A720 Westbound carriageway at the Dreghorn Junction.

During this period of closure, a signed diversion route will be in place. Westbound Traffic will be diverted off the A720 between Dreghorn Junction and the Calder Roundabout via, Dreghorn Link, Redford Road, Colinton Road, Wester Hailes Road, Calder Road before re-joining the A720 at the Calder Junction. This is projected to add an estimated 7 minutes to affected journeys. *A location plan showing this diversion route is attached.* Access for emergency vehicles will be maintained at all times and all traffic management will be removed out with working hours.

If you require any further information or would like to comment on any of the proposed works, please do not hesitate to contact Christy Roulston by email at seconsultationroads@bearsotland.co.uk

Yours faithfully,
For **BEAR Scotland Limited**

Craig Kerr

Assistant Planned Maintenance Manager | South East Unit
